With gratitude, respect and great pleasure, we had a great time in the process of making this CD.

The lyrics of the songs, which were so gracefully chosen by Nikolaj Hess, were a blessing to me - and I thank him.

Through the years, my interpretation of the songs I have chosen to sing, were always connected to me - it had to do with the lyrics.

I have always looked for - and found - the message within the songs, which helps me to find my identity and my message.

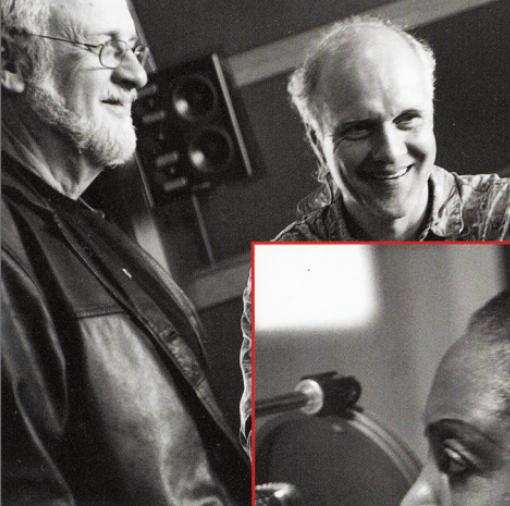

Through the years - from the time I was a teenager - I have always given respect to the lyrics of the songs I have chosen.

With gratitude, great pleasure and respect to Nikolaj, I felt very privileged to be a part of this fantastic CD, which includes some of the greatest musicians with whom I have been asked to perform.

Aside from these great musicians we have been fortunate to have one of Denmark's greatest recording engineer, Bjarne Hansen.

Our main goal and message of this CD is to widen the circle of love.
